

"Stay with Me"

"Whispers of Love" - Theme Song

Can you hear me crying?
Can you hear my name?
I am lost and I don't
Know what to say
You swept me off my feet
Oh baby you had me
Every day to feel your love

If the feeling is gone
Stay with me, Stay with me
Keep holding on
If the feeling is gone

I remember the day
We met and caught feelings
Every moment was perfect
And you looked into my eyes
And you said "Come to my place"
My heart began to race

If the feeling is gone
Stay with me, stay with me
Keep holding on
If the feeling is gone

Baby it's me and you
To the end,
Oh baby cause it's true
They can't keep us apart
Oh baby our end is about to start
